

IEEE Computer Society  
Student Chapter at UWM  
Chapter Meeting Minutes  
Wednesday, October 12, 2005

1. "Aeronautics" tour
  - a. Do tour on Friday
2. Speakers
  - a. Getting speaker through IEEE nationals
    - i. Need to pay for hotel
    - ii. Might be able to use SAO for funds
  - b. George's IGDA connections
3. Depts.
  - a. Paul McNally
    - i. Picnic & Manuals
  - b. Old Officers Thank-You Gifts?
4. Robotics
  - a. Jeremy handed out List of possible competitions
    - i. AAAI – rescue/interact with humans
    - ii. Mechwars – destroy each other
  - b. Discussed working with other Orgs
  - c. Hold our own event?
    - i. Con - Costs lots of time
    - ii. Have a Milwaukee Area only event
  - d. Just going to a robotics event just to watch
  - e. Suppliers
    - i. Parallax, INC
    - ii. Gumstix Linux
  - f. Just building a robot for the experience
    - i. We have microprocessor & speed controls
    - ii. Add on cheaper parts later
    - iii. Dave B can donate CAD time
    - iv. Building a robot of a preset design
    - v. People interested
      1. Jeremy
      2. Dave B
      3. George
      4. Eric Shelley
      5. Steve Nelson
5. Move info.
  - a. We don't want to move to E371 because
    - i. We share our space with Paul M. and his fellow TA's
    - ii. We provide other Engineering Orgs with network capabilities
    - iii. We have our own "c level" sub net
    - iv. Our members get access to experience with servers
    - v. We have a lot of equipment
    - vi. Inadequate power supply for all our equipment in E371
  - b. Possibly set up a wireless router in E371 for other orgs
    - i. We already have a WAP
    - ii. We would need another antenna
    - iii. Set up so it is limited to web traffic only
    - iv. Restricted just to members of Orgs
6. Dave ISP report
  - a. Dave sent out e-mail to other orgs letting them know who he is
  - b. Dave created a binder to catalog all problems sent to him from other orgs
    - i. To be used for historical documentation

7. Inventory
  - a. Dave has list of what SOA has us responsible for
8. Activities suggestions
  - a. "Geek" movie night
    - i. "Hackers"
    - ii. "Swordfish"
    - iii. "Matrix #"
  - b. LAN gaming night
    - i. Rent out Manford-Olson Planetarium for LAN gaming
    - ii. Using the Multi-media rooms for gaming with the in desk jacks
    - iii. Use our own switch for connecting computers
  - c. Linux install fest
    - i. Provide monitors for people to use
    - ii. Do just one maybe two flavors only
      1. Fedora
      2. Debian
    - iii. Done on a Saturday or Friday evening
    - iv. Get a crimping tool and heads for patch cable – about \$30
    - v. Both Stand alone and Network Install
9. Motions
  - a. Purchase a spool of 100 of CD-R's – passed unanimously
  - b. Table spring picnic talk till next meeting
  - c. Purchase a spool of 100 DVD-R's - passed unanimously
    - i. Sell extras at a reasonable price
  - d. Adjourn – passed unanimously
