Stephen Nelson – Treasurer
Tony Ly – Secretary
Andrew Passehl
Jason Overmier
Jeff Wala
Marie Huynh
Amar Nikhanj
George Frick
Paul McNally
Tim Meceli
Chris Barber
Tom Calloway
Richard Born

Meeting is called into order at 5:35pm

TOPICS:

George Frick

- George's goal is to get other Alumni member's involved with the org so we are more active. We need more guys like George assisting us.
- George mentioned that we should attend an actual IEEE-CS Chapter meeting. According to Eric, they haven't been responding to us, but we'll continue trying to contact and interact with them.
- WJUG Meetings (Wisconsin Java Users Group) – according to George, these meetings are held often in Milwaukee. The group consists of professional programmers that may.
- George has information regarding other important organizations that we should definitely be involved with, which he will be discussing at the next meeting.

Room Ventilation

- according to Eric, Dave's friend who is a new member of the club is volunteering to get the fan set up. Dave says that he's had some experience with this kind of work.
- As of now, the fan is located at Eric's house

Faculty Advisor (currently Ethan Munson)

- according to Eric Shelley, Ethan is willing maintain his position as our advisor and will be more active
- the org wants Ethan to remain in this position

Linux Seminar

- Dave is hosting the next Linux seminar
- Most people are interested in learning how to use Linux, so the seminar will be a quick intro to Unix class
- Members, if you are familiar with Linux and would like to volunteer, please do so. The more help, the better.
- The date of the seminar will have to be after midterms

Other things that the Org can do:

Robotics Project - This was a project that should have been done a few semesters ago, however, things didn't go the way it should have. If this is something that members want to do, please raise your voices.

Game Night - We can set a date for game night if members are interested.

IEEE-Website - Our website is hosted using cascading style sheets, however, our design is getting old. Members, this can be a project for you. Please inform the officers if you are interested in redesigning the website. The best design will be used for our website.

Members - Members, if there some kind of project that you would like to work on that the school can't assist you with, please bring it up. The org can submit a proposal to gather money for projects. Remember, that we are here to assist you in any way possible.

Grant Proposals

- Just a reminder that the grant proposals must be submitted before the beginning of November. This is a must do.

Faculty Meetings:

- students are allowed to attend the meetings
- Why students should attend? – we have a say in their discussions! If we want things our way, we should attend them and raise our voices.

Meeting Adjourned at 6:40pm.
